GUIDELINES FOR COMMITTEES

Introduction

Committees are integral to the shared governance of Henderson State University. The following guidelines are intended to assist committee chairs and administrative personnel in managing the business of committees, including in conducting effective meetings and creating concise yet accurate records of committee actions. Adherence to these guidelines will help ensure that records of committee actions are easily retrievable both for university use and to facilitate compliance with the Arkansas Freedom of Information Act.

Committee Charges and Committee Rules and Procedures

The initial charge for each committee will be provided by the Administration, Faculty Senate, Staff Senate, or developed through the shared governance process. The initial charge will outline the responsibilities of the committee. All committees shall develop written committee rules and procedures through which its charge can be accomplished.

Committee Meetings and Records

Standing Committees should meet at least once each year. Special purpose or temporary committees, such as ad hoc committees or taskforces, should meet as often as necessary to accomplish their charge and should follow the same general procedures as permanent or standing committees.

Committee meetings should be conducted and minutes kept in accordance with the latest edition of *Robert's Rules of Order*. Chairs of all committees shall maintain either a hard copy or an electronic file of minutes. In addition, the minutes, once approved by committee, shall be made available to the campus community through the MyHenderson section of www.hsu.edu. Minutes shall be converted to PDF format and uploaded to the committee's section of the "Shared Governance" portal on MyHenderson. For written instructions on how to convert documents to PDF format and to upload documents, please refer to the document titled, "Document Management in MyHenderson" which is available on MyHenderson, in the "Shared Governance" portal under "Committee Management Information" (the direct link is: http://fac.hsu.edu/wwwfiles/Document_Management_in_MyHenderson.pdf). Brief video tutorials on how to convert documents to PDF format and to upload documents are also available in the same section.

The decisions of committees shall be public. However, to allow for the free exchange of opinions and ideas, the members of committees shall keep the deliberations and discussions of the committee confidential.

Committee Reports and Reporting Procedure

Each committee reports to a supervisory body or individual, such as the Faculty Senate, president, a dean or vice president, or the Shared Governance Committee. The committee shall provide reports to the supervisory body or individual.

Final and interim reports of ad hoc committees should be forwarded, if requested, to the committees' supervisory body or individual, the Faculty Senate President, and the Staff Senate President.

Committees shall make their reports available to the campus community through the MyHenderson section of www.hsu.edu. Reports shall be converted to PDF format and uploaded to the committee's section of the "Shared Governance" portal on MyHenderson. For written instructions on how to convert documents to PDF format and to upload documents, please refer to the document titled, "Document Management in MyHenderson" which is available on MyHenderson, in the "Shared Governance" portal under "Committee Management Information" (the direct link is: http://fac.hsu.edu/wwwfiles/Document_Management_in_MyHenderson.pdf). Brief video tutorials on how to convert documents to PDF format and to upload documents are also available in the same section.

Responsibilities and Roles of the Chair

The role of the committee chair includes:

Procedural responsibilities:

- A) Preside at meetings;
- B) Ensure adherence to committee rules and procedures;
- C) Maintain a position of impartiality;
- D) Preserve an objective and impersonal approach;
- E) Function as the official spokesperson of the committee.

Administrative responsibilities:

- A) Notify the members of your committee of their appointment by e-mail at the beginning of the committee's year;
- B) Convene the committee-at least one a year and as needed to fulfill the committee charge;
- C) Draft an agenda for each meeting;
- D) Form subcommittees and delegate responsibilities as needed to fulfill the committee's charge;
- E) Maintain a file that includes:
 - a. a statement of the charge of the committee;
 - b. the approved minutes of each committee meeting;
 - c. an up-to-date roster of committee members;
 - d. and documents, correspondence, data and other information that might be of continuing value to the committee.
- F) Forward the chair's file to the new committee chair when a new chair is appointed.
- G) Notify the Shared Governance Committee of vacancies that occur during terms of appointment.
- H) If the chair believes that a committee member has repeatedly failed to meet his or her obligations to attend and/or contribute to the committee's work, the chair may request that the Shared Governance Committee remove that committee member and appoint another employee to serve.

Voting by Chair

The chair can vote as any other member when the vote is by ballot or whenever his or her vote will affect the result including to break a tie vote or cause a tie vote. The chair is entitled to one vote.

Responsibilities and Roles of Committee Members

Committee members are expected to attend each committee meeting. If a committee member is not able to attend a committee meeting, he or she shall notify the committee chair. This notification should be made in advance of the meeting, if possible.

Taking Minutes - Recommended Practices

The minutes are the official record of the decisions of a committee. It is important to ensure that all items presented and discussed, along with any associated actions taken, are documented in the minutes. For examples of minutes, please see the minutes of the Shared Governance Committee meetings, which are available in "Shared Governance" portal on MyHenderson, on the right side, under "Minutes" (the direct link is

http://myhenderson.hsu.edu/ICS/Shared_Governance/Shared_Governance.jnz?portlet=Handouts_2015-10-08T13-46-27-598.)

- A) Minutes should be concise; however, at a minimum they should include:
 - The name of the committee or group holding the meeting
 - The date of the meeting
 - The place of meeting
 - The kind of meeting, "regular" or "special"
 - The names of those present, including guests, and any absences
 - Whether the minutes of the previous meeting were read and approved, or approved as corrected
 - Clear identification and attachment of any documents presented and/or discussed.
- B) The meeting and its minutes should follow the order on the approved agenda, unless the committee duly votes to modify the order of business.

- C) The minutes should reflect adherence to the requirement that any items requiring action, such as motions and amendments, are moved upon, seconded and approved by vote, including effective dates of approved items, if appropriate.
- D) Officer and Committee reports should be recorded as any other items, with information kept precise and major points of interest identified.
- E) The minutes should include only information pertinent to the topic under discussion. (It is not necessary to include every word, nor is it necessary to identify by name each speaker who comments. Use good judgment based on the item under discussion.)
 - Minutes should contain mainly a record of what was done at the meeting, not what was said by the members.
 - Record the points made, not the people who made them (examples: “Discussion included perceptions by students that...”; or, “In the discussion, the following points were raised...”; or “Members favored the proposal for the following reasons...”).
- F) There are two exceptions to the foregoing rule:
 1. Contributions may be attributed to a specific person if that person expressly requests it, and the committee agrees that it should be part of the minutes, and
 2. When recording presentations, reports, or other scheduled items, it is acceptable to record the names of individuals acting in their professional capacities (e.g., John Green, Director of Campus Beautification, presented a report on “Re-designing Flower Beds for Maximum Color Impact”).
- G) When recording discussions focus on ideas, arguments, and facts considered in reaching the decision. Ideally, the minutes should allow a reader to understand both the rationale for the committee’s decisions and its rejection of alternatives.
- H) Timely submission of minutes ensures that all parties are provided with information and actions taken as soon as possible; therefore, it is recommended that minutes are prepared and submitted for approval within one week of a meeting’s conclusion. This timeframe helps ensure dissemination of the most complete information, and will also allow time to confirm information on items for which there may be questions.
- I) After a draft of the minutes is complete, it should be distributed to the committee for review. This helps ensure that all items presented and actions taken are documented properly.
- J) Once it is circulated to them, members of the committee are responsible for ensuring the accuracy of the minutes and, if necessary, should request any amendments to the minutes prior to their formal approval at the next scheduled meeting of the committee. All agreed amendments must be formally recorded as part of the resolution to approve the previous minutes.

Distribution of Approved Minutes

Once approved by the respective committee, minutes should be posted to the committee’s section of the “Shared Governance” page on MyHenderson.

Electronic Business

Members of committees should make every effort to meet in person or simultaneously via audio- or video-conferencing. Those committees meeting via email should, at a minimum, follow the steps below:

- A. The Committee Chair should notify all members of the issue being discussed.
- B. For an e-mail message to be part of a meeting, it must be sent to all committee members via “Reply All.” Other messages may be sent for caucusing or other off-line discussion, but these are not officially part of the meeting.
- C. If an e-mail vote is to be conducted, a ballot should be sent to the voting membership.
 - It should state exactly what is to be voted on and contain a clearly designated place for the member to mark a vote.
 - The subject line should contain the term "BALLOT".
 - The ballot should provide a reasonable deadline for voting.

- D. Minutes should include actions taken by the committee and should be emailed to the full committee.

Ex-officio membership

An ex-officio member of a committee is a person who is a member of the committee by virtue of his or her position held at the institution rather than by election. For instance, the Director of Human Resources holds an officio position on the Fringe Benefits Committee. The term does not refer to voting rights, and unless specified in the committee's rules and procedures, an ex-officio member does not vote. When an ex-officio member ceases to hold the office that entitles him/her to membership, his/her membership on the committee terminates automatically.

Membership term

The committee description may specify the length of term for committee members. When the length of term is not specified for a university-wide committee, the term shall be two years.

(Approved by the Shared Governance Committee on September 9, 2016.)

SHARED GOVERNANCE COMMITTEE

The Shared Governance Committee (SGC) is charged with the effective management and operation of the university's shared governance process. It serves as the entry point and the exit point for all shared governance proposals and also serves as the shared governance liaison to the President. Additionally, the SGC is responsible for reviewing shared governance procedures, monitoring the performance of standing committees of the university, and ensuring that shared governance processes are followed.

The SGC oversees the processing of shared governance proposals by establishing the type of review (expedited, full, or extended), assigning tracking numbers, and routing the proposal to the appropriate committee(s). The determination of expedited, full, and extended review will be determined by considering the complexity of the issue, the urgency, and the availability of constituency groups during the summer months or periods when the university is closed for business.

A guiding principle of shared governance is that the constituency group with the most direct interest in an issue should have the most input regarding that issue. Accordingly, in the event that there is disagreement among a constituency group or groups regarding how to handle a particular issue, the SGC

will consider the views of the group or groups when reviewing or acting on issues primarily affecting that group.

The SGC also functions as the university's Committee on Committees, where retention of existing standing university committees, discontinuation of existing committees, and recommendations for new committees or changes in membership, representation, or committee function are reviewed by the SGC. The SGC is also responsible for the annual review of the shared governance process. Any committee or constituent that experiences a possible violation of shared governance principles or procedures (but not specific actions, decisions, or recommendations by individual committees in the discharge of their duties) may ask the SGC to review the issue. The SGC has 21 calendar days after a direct request for review is received to make a recommendation in writing to the President. The President shall render a final decision on the recommendation and communicate that decision in writing to the chair of the SGC with explanation of support, modification, or non-support within 21 calendar days after receipt of the SGC's recommendation.

Membership of the SGC shall consist of:

- Three faculty members: President of the Faculty Senate; President-Elect of the Faculty Senate; and the immediate past President of the Faculty Senate, who shall each serve 3-year terms
- Three staff members: President of the Staff Senate and President-Elect of the Staff Senate, who shall each serve 2-year terms, and one staff member at-large, who will serve a one-year term. The at-large staff member shall be determined by the Staff Senate

- The deans shall rotate consecutively as representatives
- A representative of the academic department chairs, who shall serve a one-year term. The departmental chair representative shall be determined by the department chairs
- President of the Student Government Association or his or her designee, who shall serve a one-year term
- Provost as an ex officio, non-voting member
- General Counsel as an ex officio, non-voting member

Members of the SGC may be reappointed at the end of a term of service, but may not serve for more than eight consecutive years. A person may be reappointed after a break in service of at least one year. The beginning of a term of service on the SGC shall correspond to the beginning of the university's academic year.

The SGC shall elect a chair, a vice-chair, and a secretary at the beginning of each academic year from the voting members of the committee. In the event that any officer is unable to serve in that position, a new election for that position will be held. The chair and the vice-chair of the SGC may not serve more than two consecutive years in such positions (as chair or vice-chair) without a break in service of at least one year. It is required that at least one faculty member and at least one staff member shall be elected officers of the SGC each year.
