

Study Abroad

Students who wish to engage in study abroad programs should first consult their major program director. It is highly recommended that students and faculty not finalize study abroad plans without first confirming with the Registrar how courses will be evaluated and transcribed at HSU. Failure to do so may result in credits not counting toward graduation in the way originally planned. In the event a student needs to be registered at HSU prior to completing courses abroad, the following courses may be used for HSU registration.

STB 1001-4 Study Abroad-"Country"

STB 2001-4 Study Abroad-"Country"

STB 3001-4 Study Abroad-"Country"

STB 4001-4 Study Abroad-"Country"
