

HENDERSON
STATE UNIVERSITY

Educational Technology Leadership **Graduate School**

Required Number of Hours: 15

Description of certificate: (Include an introductory paragraph and certificate plan of study.) The courses for this certificate address specific technology and how to integrate them into instruction. Integrating technology into the curriculum requires both technological skill and knowledge of curricular and pedagogical issues entailed in the process. Thus, in addition to developing specific technological skills, candidates will explore different ways of using technology in instruction, assessment, research, and professional development. Candidates will examine current technological trends, pedagogical issues, and scholarly research addressing the integration of technology in teaching and learning.

EDL 6623 Curriculum Strategies for Educational Leaders
EDL 6693 Technology for School Leaders
EDL 7703 Integrating Technology
EDL 7713 Communication for Leaders
EDL 6553 Digital Literacy and Technology

Student Learning Outcomes:

1. Knowledge: To graduate candidates with the knowledge necessary to succeed as a building or district level leader.
2. Skills/Applications: To graduate candidates with the necessary leadership skills and applications to succeed as a building/district level leader.
3. Collaboration: To graduate building/district level leaders with the ability to work collaboratively with all stakeholders of a school district.
