Additional requirements:

Chemical Sciences (8 hrs):

CHM 1034 General Chemistry for Non-Majors
CHM 1044 General Organic and Biochemistry

Note: other higher level CHM course(s) accepted

Physics and Quantitative Sciences (12-14 hrs):

MTH 1243 College Algebra or MTH 1273 Pre-calculus Mathematics
STA 2054 Applied Biostatistics or STA 2323 Statistical Methods

And choose 2 additional courses from MTH (higher than MTH 1243), STA (higher than STA 2054 or STA 2323), PHY (physics), or PHS (physical science)

Total hours required for a major in biology, wildlife and field biology option:.....62-67

Biology Courses: 42-44 hours

Physical Science and Mathematics Courses: 20-23 hours

Students must have a “C” grade or better in all courses in the major field and also in the courses listed as “additional requirements.”

The biology department highly recommends that students achieve competence in the use of computers for word processing, graph and spreadsheet construction, and PowerPoint presentations before enrolling in upper-level courses. Students should consider enrolling in Introduction to Computers (CSC 2003) if their background in computer use is weak.
