Chancellor Report: Kelci meet with Dr. Ambrose about a week and a half ago. They discussed a number of topics including upcoming staff and faculty cuts. Dr. Ambrose stated we should know more at the end of the month. Kelci mentioned that a number of staff members are leaving on their own and wondered if more cuts need to be made since so many staff are leaving before the cuts. He understands that we are pretty low on staff.

No treasure report.

No new business.

President Martinez Wants to congratulate the Men's and Women's golf teams for winning GAC Titles and the Spirit Squad for winning their category for Nationals and Pom Squad for runner up in their category for Nationals.

The May meeting (May 11th at 10:00am) will likely have more details as we will know more from the cuts at that time.

Meeting adjourned at 10:05am.
